## Sorrento Peninsula & Capri

### SORRENTO

A charming town located atop dramatic steep cliffs, Sorrento offers a stunning view of the Bay of Naples. This is the land of the mythical Mermaids, whose sweet, irresistible singing tempted Ulysses and his crew in the Odyssey. This is the place where the Roman emperors liked to spend their summer vacations and where they built their seaside villas. Augustus, Agrippa had magnificent residences in this area. Sorrento is also very popular because it is a launching point to other prominent sites. The Capri Island is only about 5 km away and can be easily accessed from Marina Piccola Harbor by Ferry or Hydrofoil. The Island of Ischia and Procida can be seen on clear days, and can also be reached quickly by boat. Pompeii and Herculaneum can be reached by rail in about thirty minutes and Naples is about one hour away.

### MASSA LUBRENSE

The enchanting little town of Massa Lubrense, is situated on the very tip of the Peninsula looking out to the Isle of Capri. It is a genuine oasis with numerous footpaths linking up ancient farm houses and archaeological sites fitting into the Mediterranean landscape which offer superb views out to sea and down on to enchanting little coves. The ancient Greeks were so enchanted that they imagined this was the home of the Sirens, whose with their sweet song bewitched Ulysses.

### CAPRI

Due to the pleasant climate and its enchanting beauty, Capri has always represented the "Island of Dreams". Capri, a paradise in miniature, full of enchanting spots: from the beauty of its shoreline, the undeniable appeal of its unique rock formations to the caves so magically illuminated by the reflection of water and light and its world famous "Faraglioni Rocks". Capri it's a paradise for your Wedding in Italy!

# Amalfi Coast

## POSITANO

Positano is the pearl of the Amalfi Coast. Small pastel houses hang almost miraculously from steep hills dropping vertically into the sea.

Bright purple and red bursts of bougainvillea bushes contrast with the white and pastel colours of the buildings.

The Cathedral of Santa Maria Assunta with its majolicas can be seen from everywhere.

## AMALFI

Amalfi was once a seafaring Republic, rivalling Genoa, Venice and Pisa, from the ninth to the eleventh centuries. Amalfi is an internationally known tourist town thanks to its natural beauties and its mild climate. Amalfi gives the name to the whole coast.

The most important monument in Amalfi is the Cathedral dedicated to Saint Andrew, with the great staircase made of 57 steps, the dreamed destination of all the lovers of the world.

## RAVELLO

A flowering garden...the pretty town of Ravello offers spectacular panoramas with flowers and greenery at every corner. The overall effect is one of incomparable beauty. Dominating the main square is its white marble Duomo or Cathedral finished in the 12th century.

Of the various Amalfi Coast towns, Ravello offers the most privacy and intimacy for weddings

## MINORI

The views of the Mediterranean from the hills above the bay are spectacular, and the sunsets over the sea are indescribable. Romantic ancient watchtowers stand guard along the coast. On the hills surrounding the harbour are many stunning Villas and ancient castles, many of which are available as wedding sites.
